Save, Spend, or Split?

Name: _____

Date: _____

Class / Period: _____

Unit / Lesson:
Unit 1: Budgeting & Planning — Lesson 1.3: Building a Savings Habit

DIRECTIONS

- You will make save/spend/split decisions for fictional situations. Your goal is not to say spending is always bad. Your goal is to explain the trade-off.

HOW IT WORKS

1. **Review the Situation** — Look at the amount, the goal, and the choice.
2. **Choose** — Decide whether to save, spend, or split the money.
3. **Explain the Trade-Off** — Tell what your choice protects and what it delays or reduces.

SCENARIO 1

A fictional student has $40 available after required needs are covered. They are working toward a $120 goal, but friends invite them to an optional activity that costs $20.

My Choice	What This Protects	What This Delays or Reduces
☐ Save all $40	_____	_____
☐ Spend some or all	_____	_____
☐ Split it	_____	_____

BEFORE THE REVEAL

My first choice: ☐ Save ☐ Spend ☐ Split

Why did I choose it?

_____

_____

_____

Save, Spend, or Split?

SCENARIO 2: THE REVEAL

Your teacher will reveal new information about the situation.

New information: _____

_____

_____

Would you stay with your choice or change it?

☐ Stay ☐ Change

Why?

_____

_____

_____

_____

REFLECT

What is one question someone could ask before deciding whether to save, spend, or split available money?

_____

_____

_____

_____

BRING IT BACK TO YOUR WORKBOOK

You just saw that saving decisions depend on goals, timing, and what else the money needs to do. Now return to Workbook p. 25 (Learn: Build a Savings Habit) to learn how a savings habit and Pay Yourself First can make that decision more intentional.

PRIVACY NOTE

Use sample or fictional information. Do not share personal income, savings, account balances, family financial information, or private financial stress.
