Barrier Busters Gallery Walk

Name: _____

Date: _____

Class / Period: _____

Unit / Lesson:
Unit 1: Budgeting & Planning — Lesson 1.3: Building a Savings Habit

DIRECTIONS

- You will generate and compare strategies for fictional saving barriers. The goal is to practice problem-solving, not to judge anyone's money situation.
- There may be more than one strong answer. Your strategy should respond to the actual barrier and make sense for the situation.

HOW IT WORKS

1. **Read the Barrier** — Look at the situation carefully.
2. **Choose a Strategy** — Think of a realistic response.
3. **Explain the Fit** — Tell why your strategy makes sense.

STATION RECORD

Station	Barrier / Situation	Strategy I Think Fits Best	Why This Strategy Fits

REFLECT & CONNECT

01 | **Which Barrier Had More Than One Strategy That Could Reasonably Work?**

02 | **What made the strategies different?**

BRING IT BACK TO YOUR WORKBOOK

You just saw that a barrier does not automatically mean the goal has to be abandoned. Different strategies—and sometimes changes to the plan itself—can help. Now return to Workbook p. 29 (Apply: Build a SMART Savings Goal) and choose one realistic barrier and one strategy that fits the goal you are building.
